Eclipse Networks (Pty) Ltd

31 August 2009

Eclipse House

To whom it may concern.

Eclipse Networks has been involved with Futuristic Training over the past 12 months to focus every staff member on a single goal of "best of breed" that everyone within Eclipse can identify with.

23 Morris Road East

Futuristic were involved in each part of the process, from the initial conceptual stage right through to the presentations around the country to our 350 employees. As a result of the very positive response from our employees, we have started phase 2, and are currently half way through the process, which will be completed by the end of September.

Woodmead Exchange

Sandton 2196

In addition, over the past year, we have sent members of management on a 9 week leadership course, with 5 successful candidates completing the training, and 3 currently on the programme.

P.O. Box 6320

I have no hesitation in recommending Futuristic Training, as a partner in management and staff development.

Yours sincerely
