TO WHOM IT MAY CONCERN

This company, previously known as African Defence Systems (Pty) Ltd, has been doing business with Futuristic Training and Development for over 10 years.

In excess of 20 of our employees have, over the years, attended the High Impact Leadership course, which had a very positive impact on colleagues and departments in general. In certain cases, a complete transformation was achieved in terms of interpersonal skills and assertiveness.

Marilyn and her team have an exceptional way of presenting the training material, which keeps the delegates motivated and committed to the goals.

I can recommend this training company to anyone who wants to make a difference in their lives, both personal and career wise, in future.
